

Bai Doo – Online Bai System

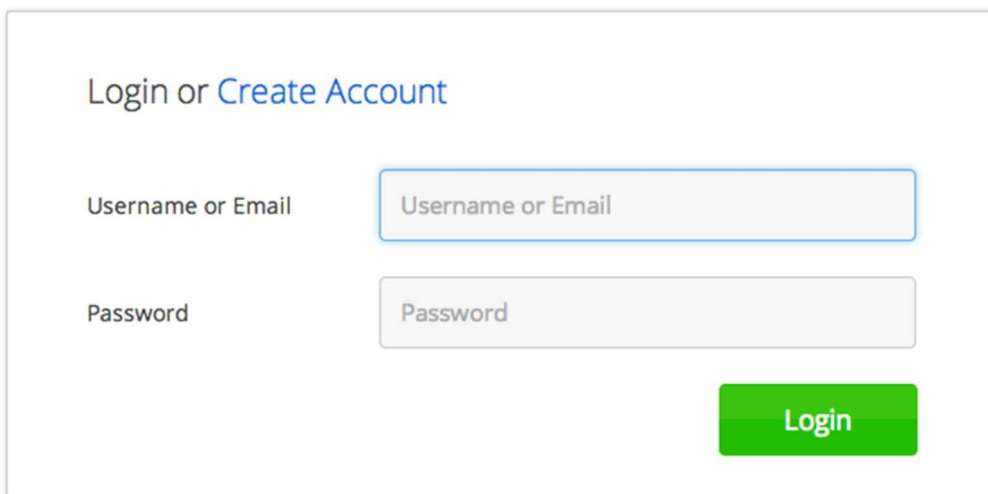

You might not need a bae, but you definitely need a bai...

Home is where a person finds peace. A structure becomes a house when your dear ones live in it. A house becomes a home when it is maintained by a BAI.

- Service available at home, no need to wander for a Bai.
- You get a trustworthy worker.

India is on the verge of becoming a developed nation. In this hectic schedule and monotonous routine people tend to loosen their grip on the only thing they are working to build, a HOME. Here we come into play... We will provide you with the best BAI's near you in best available wages and High Quality Performance

1. Sign Up and Sign In facility for BAI's and Users. Social Login Plugin to be Included.

The image shows a login and registration form titled "Login or Create Account". It features two input fields: "Username or Email" and "Password". A green "Login" button is positioned to the right of the password field. Below the form, there is a link labeled "Forgot Password?".
